They're After McCarthy !!

(An Editorial in The Christian Science Monitor)

For any ordinary citizen, refusing to answer questions put by a Senate investigating committee is not a healthy business. Usually he is labelled a "Fifth Amendment Communist" or cited for contempt — or both. But for a year and a half the Senate has allowed one of its own members to flout the serious questions asked by a committee it had specifically authorized to investigate his fitness to sit in the Senate.

This committee, the sub-committee on privileges and elections, on the basis of an extensive inquiry into certain unusual financial transactions by the senator asked him six main questions.

1. Whether funds collected by him to expose Communists were diverted and used to his personal advantage?
2. Whether he used his position on the Senate Banking and Currency Committee to obtain a \$10,000 fee from the Lustron Corporation?
3. Whether his activities "in behalf of certain special interest groups, such as housing, sugar and china, were motivated by self-interests?"
4. Whether he had violated the Corrupt Practices Act?
5. Whether he had used close associates and relatives to secure commodity and stock speculations for ulterior motives.

One would have expected a United States senator to be anxious to clear up any questions deeply touching his honor. Instead this senator called the committee "dishonest" and declared it had no jurisdiction. When the Senate upheld the integrity of the committee and its jurisdiction by a 90 to 9 vote, he still refused to answer. The committee did not subpoena him, but on six occasions asked him to testify.

These questions do not constitute wild reckless "measles." By examining bank accounts, correspondence and the testimony of witnesses the committee (composed of two Democrats and one Republican) decided the evidence justified asking the senator to explain. The unanimous report of the committee did not declare (as the senator often has about others) that because the senator refused to answer he was guilty; it simply reported the evidence.

This report, with exhibits it covers 400 pages, was made on the last day of Congress, and received very little attention in the excitement of the shift in party control in Washington. This neglected report is the basis for the statement of Senator

Flanders that Senator McCarthy is in contempt of the Senate by reason of his refusal to answer. The senator from Vermont is insisting that the Senate require the senator from Wisconsin to answer or take disciplinary action against him.

Senator Knowland, majority leader, has called Senator Flanders' move a mistake, and Republican leaders may bottle it up in the Rules Committee. It is argued that it would invade President Eisenhower's program. But is this really so? We see no reason why the Senate should not, before adjournment, take a day or two and face this ultimately inescapable issue. It has too long dodged responsibility for the conduct of its committee and their chairman. Here is a question which fundamentally concerns not only its responsibility but its honor.

Regardless of party allegiance regardless of one's views on the McCarthy controversy, regardless of opinions about different methods of hunting Communists, it seems to us that any citizen can endorse the final conclusion of the bi-partisan committee that made the investigation. It was that "this is a matter that transcends partisan politics and goes to the very core of the Senate's authority, integrity, and the respect in which it is held by the people of the country."

CHRISTIAN SCIENCE

The spiritual basis of true peace and brotherhood will be brought out in Christian Science services Sunday in the Lesson-Sermon, entitled "Love." The vital importance of love for God and man will be stressed in the readings from the King James version of the Bible, including the following passages (I John 5:2): "By this we know that we love the children of God, when we love God, and keep his commandments."

Selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following (4:7, 9-12): "We should be thoroughly understood that all men have one Mind, one God and Father, one Life, Truth and Love. Mankind will become perfect in proportion as this fact becomes apparent, war will cease and the true brotherhood of man will be established."

The Golden Text is from Zephaniah 3:17: "The Lord thy God in the midst of thee is mighty; he will save, he will rejoice over thee with joy; he will rest in his love, he will joy over thee with singing."

Through The Study Window

By REV. C. C. ARMSTRONG

The other day we received a "fall and winter" catalogue. No doubt one arrived in your house also. Did it send a shiver through your system, and make you wonder whether that white stuff floating through the air was cottonwood fluff or those other white flakes all too familiar around these parts?

Our summer season is very short, which perhaps helps us to appreciate it. Sunday picnics are the order of the day, both for individual families and larger groups. It is the time when aunts and uncles, and all their friends and relations prepare to fatten up against the time when such outings by generous, and no doubt tasty, humans will be over.

The congregations of Westcott, Westerdale and Zella — together with friends and relatives — are scheduled to meet together on Sunday, August 1st at Rusty, at 11:15 a.m. If the weather is suitable, and insect life not too abundant, a worship service will be held outdoors, if the bugs are too big, or the rain too plain or you're spurning sunbathing, the service will be inside.

A picnic lunch will follow the service. Each family is asked to provide a picnic meal in sufficient quantity and variety for a family, and to bring their own cutlery and cups. Suitable liquid refreshment will be provided by the Westcott W.A. From there on it will be share and share alike. By the way, suitable liquid refreshment means coffee and lemonade.

It would also like to call attention to the meeting of the official board on Tuesday, August 3rd at 8 p.m. in Knox Church. For those who are perhaps not quite sure about the organizational set-up of the United Church, this is as good a time as any to say something about the official board. This board is made up of members of the session who are responsible for the spiritual welfare of the congregation; the stewards, who are responsible for church finances; the superintendents of the Sunday school; presidents or representatives of each of the groups in the church. This board is thus made up of all the members of the local church boards (Didsbury, Westcott and Westerdale) meeting together in joint session. It deals with all major items of your matter affecting relationships between congregations or groups within the congregation.

Owed To The Printer

Breathes there a man with soul so dead,
Who never to himself has said,
"I'll pay before I go to bed,"
The ill I owe the printer?"

Yes, there was one I knew full well,
But he alas, the truth to tell,
Is dead, and straightway went to — well
The place that has no winter!

The Joke Box

"My husband and I argued for over an hour last night — and, do you know, he wouldn't say a word the whole time."

John and his lass were walking along a lane when John ventured: "Jean, would you like a kiss?" Jean did not reply.

The couple walked for another half-mile in silence, when John asked again if she would like a kiss. Still Jean made no reply.

At length John said: "Jean, are you shy?"
"No," was the reply, "are you paralysed?"

"What evidence have you that the prisoner was drunk?"
"When asked for his name he called for a mirror and said, 'Yes, that's me'."

The congregation of Westcott, Macpherson had invited McTavish to have a drink. "Say when," he said, and poured a wee drop into the glass. McTavish was silent.

Cautiously Macpherson poured out another drop. Again silence.
"Did you hear about the fire at Sandy's?" said Macpherson suddenly.

"When?" asked his friend.
Macpherson put the bottle down, with a sigh of relief.

A proposed new match-making plant is not to be confused with any of the matrimonial bureaus in the area. These matches are made to burn. The others are supposed to stick.

Bank manager, rining up Mr. Cohen the first of the month:
"Mr. Cohen: 'Hello, vat ist?'"
"It's the bank manager speaking Mr. Cohen. You're account is over-drawn \$49."

"Vell, all right; how much money did I have the first of last month, Mr. Manager?"

"You had \$160 to your credit."

"Vell, I did not phone you up and tell you about it, did I?"

TRACTOR SAFETY

Loss of life in farm work most often results from mishandling of tractors. Overturning is the chief hazard of tractor operation. To avoid spread wheels as far apart as practical for the job at hand; put liquid in tires according to manufacturer's instructions to reduce bouncing; stay off soft road shoulders and edges of cut-banks; avoid side hills where the slope could cause tipping if the low wheel drops into a depression, or the high wheel runs over a hump; hitch all drawn loads to the drawbar; make safe speeds a habit; stop by closing the throttle before using brakes.

DISTRICT NEWS

M.V.B.C. NEWS

(From Our Own Correspondent)

We missed last week, but then there is a limit to the amount of work one can do on a Monday morning when every one wants some consideration in the office. It was a busy time but also a happy one. Friends whom one sees only once in a long time were still on the camp grounds, and a final chat seemed to be the order of the day.

Rev. and Mrs. Taylor are on their vacation. They did come back for Sunday, for both of them teach a class in the Sunday school and did not want to miss being there. They are off again this week, and then they will return for another year of strenuous labor in the College.

Our maintenance superintendent, Arthur Eby and family took part of their vacation last week in Banff. All of them had a wonderful time, but they did forget one of their beds and outside camping was a bit difficult for a night or two. However, it all goes along with outdoor activity. I guess.

Mr. Reuben Ratliff and family are on the campus for their vacation. Reuben is a graduate of the College and now has been caretaker at Beulah Home for a number of years. His idea of a vacation is to come to his alma mater and redecorate the secretary-treasurer's office.

This is 'greatly appreciated and will be a nice job when done. We'll let you know another time. In fact, we haven't decided yet, but if you come around about Friday or Saturday you may be able to see the lovely office yourself.

The new root cellar is under way. This week there will be those who will be working on it. This is a great necessity, and because it has been difficult to finance, the Alumni Association is undertaking the work this year. Mrs. Taylor is again president of this association, with Mr. Neil B. Neufeld vice-president, and a great supervisor for this project. He and Arthur Eby will be working on it together.

Rev. and Mrs. Chris Hedegaard and family have been with us during camp. Mr. Hedegaard is now working on the campus and helping with chores, etc. while so many of these other larger projects are in progress. They are waiting for their passage to Denmark and while doing so, Mrs. Hedegaard is busy in meetings in the conference.

Very soon work will begin on the apartments. Should there be those who could carpenter work, who desire to donate some time, we would be most happy to have you contact Arthur Eby and make your decisions as to time, etc. We will certainly need help for this work.

Camp meeting is over and again those who live on the campus are looking forward to school for another year. We are at present contacting a good number of prospective students and we expect to have a larger student body than last year. There may be young people in the district who desire good Bible training. Come and see us, and talk over the curriculum, which is second to none, and quite adequate for any avenue of Christian service.

A day's work is a day's work, neither more nor less, and the man who does it needs a day's sustenance, a night's repose, and due leisure, whether he be painter or ploughman.

I like work; it fascinates me. I can sit and look at it for hours. I love to keep it by me, and the idea of getting rid of it nearly breaks my heart.

— Jerome K. Jerome

WEDDINGS

DUMOUCHEL — GOETJEN

St. Stephen's Catholic Church Olds, was the scene of a quiet morning wedding on Saturday, July 10th, when Deloyce Margaret, eldest daughter of Mr. and Mrs. Herbert J. Goetjen, of Westcott, became the bride of Dr. Jacques Dumouchel of Athabasca, Alberta, son of Mr. and Mrs. J. Dumouchel of Montreal, Que. The nuptial mass was performed by the Rev. Father Butts of Sylvan Lake and the Rev. Father Forsyth of Olds.

Mrs. Emilie Pulkert of Didsbury supplied all the music for the occasion.

The bride was escorted down the aisle by her father and looked lovely in a white embossed taffeta two-piece fitted afternoon dress and hat and she carried a white prayer book on which was mounted an orchid surrounded by a cascade of stephanotis and white satin streamers.

Her only attendant was her aunt, Mrs. Cecil Papke of Didsbury, becomingly attired in a navy two-piece dress and hat, with white accessories. She carried a beautiful bouquet of deep red roses.

Mr. John Morrissey of Eckville was best man and Mr. Robert and Mr. Bill Burke of Didsbury were the ushers.

A reception followed in the banquet room of the Phelan hotel where 35 guests sat down to a turkey dinner. Mr. E. T. Wiggins acted as toastmaster and several of the guests were called on short impromptu speeches. Mr. E. Bliss of Eckville proposed the toast to the bride, to which the groom responded. Congratulations telegrams were read from the groom's parents and also other relatives in the east and friends in Alberta who were unable to be present.

The bride's mother chose a tailored dress in mottled tones with black and white accessories and her corsage was of deep red roses.

Mrs. J. Morrissey of Eckville acted as the groom's stand-in and she wore a tailored suit in grey with accessories to tone; at her shoulder was pinned a beautiful white gardenia.

Dr. and Mrs. Dumouchel left on a short honeymoon in the mountains. For travelling the bride chose a tomato red linen dress with stole in harmonizing colors. Upon their return they will reside in Athabasca, where the groom is in veterinary practice.

LONE PINE ORIOLES ENTERTAIN MOTHERS

The July meeting of the Lone Pine Orioles was held at the home of the Shells girls, with a song to open the evening. Roll call was "bring a friend" which was responded to by 10 members.

The "bit of fun" taken by Lois Shells for the juniors, was making the most out of mother's party, and was won by Beverly Thompson. The seniors quiz contest, "answers of berries, was won by Mrs. D. M. Page.

A program was then given by the members, in honor of their mothers. It consisted of psalms, duets, readings and a solo. Gifts of bon bon diaries were then presented to the mothers by their daughters.

The August meeting will be held at the home of the Weber girls.

Stocks of wheat in store in country elevators in Western Canada totaled 195 million bushels on July 7, compared with 108 million a year ago.
